Allowable Subject Matter

1. Claims 1-2, 4-16 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art does not teach that, a conductive radiating structure arranged to be separated from said ground plane means and having a first end and a second end, said conductive radiating structure has a total length of $\lambda/4$ at a frequency in the frequency band to be received and/or transmitted by the antenna, said conductive radiating structure is formed as at least **open a first elongated loop**, said first end is arranged to be connected to ground of said radio communication device, and a feed portion is arranged in vicinity of the first and/or second ends in combination with all limitations recited in independent claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Ying. (US 6,329,962) and Takei et al. (US 5,914,693) are cited to show an antenna.
